

M E L A N I E MORRIS

Fast & Furious Florals

Below are the supplies I recommend. Please bring what you have. **I do highly recommend that you have gel medium, retarder, Sta-Wet palette and disposable mixing palette.**

Acrylic Paints

You don't have to have the exact colors and are welcome to bring what you have. I like Golden brand acrylics but any brand is fine. You want heavy body acrylics not liquid. Also, professional paints have more pigment than student grade allowing for richer colors. Below are the main colors on my palette.

- Cadmium Red Medium
- Cadmium Yellow
- Titanium White
- Cerulean Blue Chromium
- Alizarin Crimson
- Phthalo Blue (Green Shade)
- Ultramarine Blue
- Permanent Rose (This is a Winsor & Newton color)

I also like to keep the following colors on my palette but they are optional.

- Cadmium Orange
- Dioxazine Purple

Medium/Retarder

I like the Golden mediums and retarder. The medium has the same consistency as the heavy body paint. The retarder is a thick liquid.

- **Regular Gloss Gel Medium**
- **Retarder (liquid)**

Brushes/Knife

- Synthetic Brushes – bring what you have. I like brights - #4, #6, #8 are good sizes. It seems like each brand of brush has different sizing so to the left is a photo of the ones I use the most. I prefer the long handle brushes – helps to make your painting looser. I like the Silver Brush Bristlon All Media Brushes

- Palette/painting knife – I find the most versatile shape knife is the one below. A plastic knife is fine too. We will use the palette knife just to load our palette.

Palettes

- Large Disposable Paper Palette (without hole – 12 x 16 or larger)
- **Sta-Wet Premier Palette** – **Buy the red top palette** – it has the sponge and special paper you will need. I keep all my paint in this palette box and mix on the disposable paper palette. My acrylic paint stays wet for a couple of weeks.

Other

- Willow or vine charcoal
- Paper towels
- Six 6” x 6” canvases or panels - I use Ampersand Value panels in the smooth finish but you are welcome to bring whatever you like. I don't recommend the canvas panels.
- Disposable gloves – I end up finger painting to smear edges so I like to wear gloves. You don't want them too loose because they will just get in the way
- Optional - ViewCatcher– I'm a big fan of a viewfinder. I use it to get the proportion of my canvas then select my composition.
